BASCORP Group

BASCORP Group is a diversified investment and business group with an expanding portfolio of businesses, investment interests, and strategic partnerships across the Arabian Gulf, the wider Middle East, and Asia.

The Group operates at the intersection of **investment, strategic capital, business development, and long-term value creation**, identifying opportunities where capital, expertise, and strategic relationships can support sustainable growth.

Through a disciplined approach to investment and partnerships, BASCORP seeks to build, develop, and support businesses with strong potential while maintaining a clear focus on governance, risk management, responsible capital deployment, and enduring value.

Creating Value Beyond Capital

BASCORP's proposition extends beyond providing capital. **We bring together investment discipline, strategic insight, commercial expertise, governance, and an established network of relationships to help businesses realise their potential.**

As an investor and long-term strategic partner, BASCORP works alongside management teams and partners to strengthen businesses, unlock opportunities, enter new markets, and build sustainable competitive advantage.

Our objective is not simply to invest in businesses, but to **help build stronger businesses, create lasting value, and establish partnerships that endure**. By combining capital with capability and long-term commitment, BASCORP aims to create meaningful outcomes for its portfolio companies, partners, and stakeholders.
